

GREENSBORO RESIDENTIAL BURGLARIES OCT. 16-23

News & Record

Mapping the city's recent home burglaries

Given recent concerns about home break-ins, the News & Record is running a map on a regular basis that will show residential burglaries citywide.

We won't include addresses. Our goal is to show which neighborhoods are being targeted and what patterns have emerged in where the crimes are being

committed.

Today's map shows 63 city break-ins from Oct. 16 through Oct. 23.

In future weeks, the map will appear inside the Local section on Sunday, and it will show break-ins from the previous week, ending Friday.

We want to hear from you as well — do you find this information helpful? Is there another crime trend, issue or story idea you have that you would like us to look into? If so, e-mail us at publicsafety@news-record.com. We look forward to hearing from you.
