The Internet Crimes Against Children (ICAC) Task Force Program seeks to maintain and expand State and regional ICAC task forces to address technology-facilitated child exploitation. These task forces work collaboratively as a national network of law enforcement and prosecutorial agencies that prevent, interdict, and investigate Internet crimes against children. The program requires existing task forces to develop multijurisdictional, multiagency responses to such offences by providing funding and other support to state and local law enforcement agencies as a means to help the acquire the necessary knowledge, personnel and equipment.
