# HELPing Small Businesses Create Jobs With Incentives and Investments

## Show your support for the H.E.L.P. Act

NC HOUSE OF REPRESENTATIVES  
300 N. SALISBURY STREET RM. 2119 RALEIGH, NC 27603-5925

Dear Friend,

Small businesses are the engines that move North Carolina's economy forward.

In fact, over 60% of all North Carolinians are employed by businesses with less than 100 employees.

Our small businesses have been hit hard by the recession and they need help.

The North Carolina legislature is working hard to pass the H.E.L.P. Act, of which I am a co-sponsor, a bill that will support our small businesses with a series of incentives and over \$32 million in investments. This session I am continuing to fight for investments in green jobs, the fastest growing sector of the small business community.

This is an important step in getting our economy back on track, but we can't do it without your support.

Please fill out the attached card and join us in supporting the H.E.L.P. Act.

Thank you,

Representative Pricey Harrison

P.S. - please feel free to call me anytime if I can be of assistance at (919) 733-5771 or e-mail me at Pricey.Harrison@ncleg.net.

# The Recession Hit Our Small Businesses Hard. BUT NOW H.E.L.P. IS ON THE WAY.

The recession has been tough on all of us, but nobody's been hit harder than North Carolina's small businesses.

That's why the North Carolina Legislature is working hard to pass the H.E.L.P Act.<sup>1</sup>

*H.E.L.P. provides small business incentives and investments, so we can put North Carolina back to work and get our economy back on track.*

- Program includes
- Incentives for small businesses that put people back to work.
  - Over \$32 million in investments to North Carolina's small business community.

Small businesses are the backbone of our economy, and we can't start talking about recovery until our small business community is thriving again.
